The foregoing orders having been communicated to the Presdt., that officer now submits a copy of letter No. 150 of 23rd Novr 1901 received from the Asstt Commr in charge of Chinlanani D^o together with file of correspondence on the subject.

2. The Asstt Commr states that on receipt of Govt Pro: No. 13242-3 of 25th June 1900, the then Amildar Hanthavachar (since retired) proposed, in modification of the scale of establishment sanctioned in the said order, the marginally noted establishment as approved by the members of the Board at their meeting held on the 2nd July 1900 and that the said proposal having been duly intimated to the Presdt., the Genl Asstt Commr in order No. — of 25th idem approved of the same.

3. But the present Amildar in his itilla No. — of 12th Novr 1901 states that the peons complain that their present pay of Rs 5 per mensem is low and reports that in the interests of octroi revenue, it is absolutely necessary that the original scale of establishment, as sanctioned by Govt should be retained.

Reduction of Octroi duties on

Note

Whereas The Govt in Their Progs

24521-98
the levy of octroi on sugar and jaggery
in the Chikballapur Town at Rs 4 a
and 2 Rs a maund respectively.
in habitants of the Chikballapur Town
complain of these rates as heavy
The Municipal Board recommend
the levy ~~of the levy~~ of the following
reduced rates on entry on these articles
and state that the intention
of the duties proposed by them
eventually increase them

Extraordinary
if it should

the income by the importation and consumption of larger quantities of these articles.

<u>Articles</u>	<u>Duty proposed by the Board on the quantity</u>	
	<u>Consumed in the town.</u>	<u>intended for transit</u>
1. Sugar	One anna in the Rupee	one per cent
2. Jaggery		<u>ad valorem</u>

The Board propose to introduce these reduced rates tentatively and watch the result for about six months.

2. Accordingly the President requests sanction as a tentative measure. In his letter he ~~states~~ proposes to levy "one anna per Rupee on Jaggery sold in the town" Evidently Sugar has been omitted by an oversight.

3. There seems to be no objection to sanction the proposal with reference to the quantity consumed or intended for consumption in the town, but the levy of the " on the quantity intended. &c.

For transit seems objectionable,
as Retror duties are to be levied
only on articles of local con-
sumption, and are on no account
to be extended to any article
belonging to the transit. (Vide

ABSTRACT

State that their profession is to extract oil from seeds by means of stone mill that they earn their livelihood from this. that their oil mills are assessed with a tax of Rs. 15/- per annum per mill - that they have to pay a house tax of Rs. 4/- that in addition to this a duty of annas 2 per one measure of oil and Rs. 1-10-8 on a Krishna + Rajahmundry oil seed is being levied for the last one month that 15 years ago a duty of annas 2 and 1/2 were levied on oil seed but they were not levied then in the town of Chintamani

if this cannot be abolished a duty of annas
per maund should be levied as before -
that at this time of ~~the~~ scarcity the oil sells
in 2-12 to 3 Rs. per maund - that the
duty levied is one-twenty fourth part of
selling value - that the value of the
oil seed is from 6 to 6 1/2 Rs - that the
duty levied on it is Rs. 1-10-8 which
one-fourth of the selling price - that
when the oil seed is cheap its price is
from Rs. 3 to 3/8 when the duty would be
one-half of the selling price - that owing
to this exorbitant rate of duty no seed
could be imported to the town - that
the people would manufacture oil in
the villages and bring it to town for sale
that consequently there is a dead stop of
their profession - that one Khaur of
seed yields 2 or 2 1/2 maunds of oil

Pray that the duty on oil seed may be abolished
or it may be fixed at annas 4 per maund

Office of the President
Kolar Municipal Board
Dated the 17th September

From

J. E. Carr Esquire
President of the Kolar
Municipal Board

To

The Secretary to the
Government of Mysore
Rev and Genl Depts.

Sir,

Aduerting to Government Pro-
ceedings No. $\frac{13692-3}{2754-98}$ dated the 25th
June 1900, requesting a reduction in
the Octroi establishments of Sidle-
ghatta, Chickballapur and Gorebiddur,
to the prescribed limit of 10 per cent
fixed in para 3 of the Chief Commissioner's
Pro:

Pro: No. $\frac{4032-43}{m 201}$ dated the 30th ~~in~~ ^{to}

October 1879, I beg to report as follows:-

2. It will be observed from the accompanying reports received from the Siddeghatta and Chickballapur Municipalities that the estimated average Octroi Collections aggregate Rupees 3,156 and Rs 3,600 respectively, per annum, as detailed in the margin* and not Rs 1,396 and Rs 2,095 as estimated for. These latter figures were calculated at a time when these Taluks were threatened with the Plague scare.

3 In the matter of entrusting the Octroi Collection work to the village servants, the Siddeghatta and Chickballapur Boards are of opinion that the work would suffer greatly, by

entrusting

120	200	7	Sheep	1300	180	75
720	675	8	oil + oil seeds		60	150
60	250	9	Kerosine oil		96	250
300	500	10	Tobacco		3156	360
do - dry						
Betel leaves						
Singur						
Jaggery						

entrusting to the village servants, since they have other work to attend to, such as Collection of Mohatarfa &c. Consequently, these Boards recommended the ~~entertainment~~ of the following establishment.

Mutsaddys on Rs	Siddeghatta	Chickballapur
	7	8.
4 peons at Rs 5	... 20	... 20
Contingent	1	.
Total per annum	336	336

4 - The 1st Assistant Commissioner thinks that the Octroi Collection of Siddeghatta may be entrusted to the village servants with four peons under them on Rs 5/- each. But this plus the Commission of 5% to the village servants amount to Rs 417/- or 81 Rs in excess of what is proposed by the Siddeghatta

Siddeghatten Board.

5. The Sub Division officer of Chickballapur, while Concurring with the opinion of the Chickballapur Municipal Board, is of opinion that to ensure efficient work a liberal scale of pay as per Marquee ought to be fixed. This comes to Rs 408/- or 72 in excess of what is proposed by the Board.

4 peons @ Rs 6/- each = 288
Total per annum = 408

6. It is impossible to estimate what the actual realizations will be from the Octroi Collections this Current year. They may rise above or fall below the estimate now put down. I think it would be better at present to restrict these Municipalities to a staff consisting of 4 peons at Rs 5/- each with a Contingent of one rupee

per Mensem or Rs 252 per annum.

This establishment to be placed under the superintendence of the Darogas of the respective Municipalities. Further experience will show how this staff works.

7. As regards Goribidannur, the Board and the Sub Division Officer, Chickballapur, are in favour of entrusting the Collection work to the village servants, allowing them 5% Commission tentatively till the amount of the average annual Collections are ascertained. I Concur with them.

8. I request therefore that Government sanction may kindly be accorded to the above proposals.

87

9. Necessary provisions will be made in the supplemental budgets on the receipt of the closing balance from the Comptroller.

I have the honor to be,
Sir,

Sir,

I have the honor to state that the inhabitants of Chikkaballapur having complained of the heavy duty on Jaggery and Sugar the Board at their meeting held on the 15th September 1902 having resolved to levy a reduced duty of one per cent ad valorem on Jaggery and Sugar, intended for exportation and one anna per Rupee on Jaggery sold in the town with the view, that

the

the introduction of these higher rates may eventually increase the income by importation and consumption of larger quantities.

I request that sanction may kindly be accorded for the introduction of the above rate in the Shikhalapur town as a tentative measure. I may here point out that in the Bangalore Municipality the rate for Sugar is the same as now recommended while nothing at all is levied on Jaggery.

The extract from the Minutes is herewith submitted.
